what matters.

Access to healthcare is a serious issue in our region but, together with United Way, we're addressing it. By supporting United Way, we're providing assistance in accessing and navigating the complex Medicare and Medicaid systems. We're providing counseling and ongoing support for people with mental illness and substance abuse issues. We're providing specialized care for seniors and people with disabilities—and so much more. Together, we're giving people the support they need to overcome life's challenges and lead self-sufficient lives.
